

Wayne Amateur Radio Club - W8WOO

Serving Wayne County Ohio since 1972 • We'll be listening on 147.21 (PL 88.5) & 443.175 (No PL)

The Club meets on the third Thursday of every month at the Wayne County Communications Center on the corner of Burbank and Oldman Roads in Wooster. Meetings start at 7:30pm.

• LAST MINUTE, BREAKING NEWS •

Wooster, Ohio • November 14, 2006 • It seems that we published the newsletter too soon. "Goose" (W8AV) just released this news bulletin:

Wooster now has a node for the KN8COQ DX Packet Cluster. The frequency for the node is 145.09 and it's alias is WOODX. You can connect to it by typing either

*C WOODX
or
C W8AV-7*

It is linked to KN8COQ through an internet gateway. You can connect to the KN8COQ after connecting to WOODX by typing

C KN8COQ

Give it a try and see how it works for you. If it gets steady use, I will move the antenna from 90 feet to 130 feet next spring.
